

City Projects

The city is devoted to protecting and maintaining its investments in infrastructure. Did you know the city maintains 70.3 centerline miles of roads within city limits, 70 miles of waterlines and 60 miles of sewer lines? Whether it is snowing and icy or 100+ degree days, our crews are out there making sure everything is properly maintained to efficiently provide the best possible services.

Have You Visited our Wetlands or Barnes Butte?

The last couple of year's the city has added two very important amenities to our inventory. The wetlands not only provides wastewater treatment capabilities for generations to come, it provides wonderful recreational and educational opportunities. As the wetlands mature the landscape and views are constantly changing. More and more species of wildlife are visiting adding to the wonderful visual experience. Then on the east side of Prineville, we acquired over 460 acres of land where the recreational opportunities are endless. With the property came water rights which buying the water rights alone on the market would have cost more than the property purchase. There is something there for everyone and the city will begin the master planning process to ensure that all activities compliment each other and serves the communities needs.

The best part about both of these properties is the involvement of our local elementary students. They have helped in kiosk development, have storyline curriculums which brings science, math, reading and writing together in a fun and engaging way while creating lifetime stewards. There are Eagle Scout projects that added to the enjoyment of the land, and much more! Go experience it today, and get involved.

You will be glad you did!

CITY HALL NEWS

Welcome!

Take a moment and peek inside and see what is going on at city hall. We hope that you enjoy the news we are bringing to you, and that you find it useful as well as entertaining. Of course we would love to hear from you if you have any ideas on the information we provide in our newly launched quarterly newsletter. Be sure to check every quarter for a newsletter with new articles and information!

We Are Prineville!

Want to Get Involved?

Did you know the city has many opportunities to get involved? You could join a committee such as the Barnes Butte Focus Committee, Air Quality, Downtown Strategic Planning, volunteer at the Wetlands and more! Check it out at cityofprineville.com.

City Wins CAFR Award

“This Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management.”

Employment Opportunities

Are you interested in finding out about employment opportunities? Check us out at: cityofprineville.com under Human Resources! There is even a way to sign up to receive email notifications each time an opportunity is posted or fill out a job interest card. :

Today's Outdoor Watering Tip

Avoid watering on windy days. Wind will carry water away from its' intended area. Water during the coolest part of the day, general early morning to avoid excess evaporation.

Come Celebrate With Us!

We are so proud of our Railroad that has had so many accomplishments over the last 100 years and still going strong! We have many fun family activities planned at the end of August to celebrate the strength of our Railroad and what it has meant to this community. Follow us on Facebook to keep informed of this and many other city events.

Reaching Out to Our Citizens

The City of Prineville is committed to improving communication with citizens. This commitment is reflected in one of the City Council's goals and objectives: “Strive to Improve on Transparency and Effective Communication.” One of the key projects related to this goal is to identify opportunities to openly share the City's message in a significant, consistent and proactive manner. The City has developed a strategic communications plan with the following communication goals:

- ◆ Build and promote a solid understanding of the City's responsibilities, services, programs and events and the associated benefits provided to citizens.
- ◆ Consistently convey the City's mission to be a desirable place to live, work and play in all outreach vehicles.
- ◆ Increase community-wide awareness and perception of the quality of services provided by the City.
- ◆ Define and communicate a clear brand for the City.
- ◆ Strengthen and solidify the relationship between the City, the residents and businesses it serves by promoting transparency and access to information.
- ◆ Maximize awareness and support of the City Council's actions, goals, and programs.
- ◆ Communicate the range of services that the City provides to residents and businesses.
- ◆ Utilize public relations to increase awareness of the City of Prineville through editorial coverage.
- ◆ Maintain communication as the top priority for the City.
- ◆ Engage residents in a more informal and comprehensive dialogue about community

As always, we love to hear your thoughts! Follow us on Facebook and Twitter!
